Quick Reference Guide

This Quick Reference Guide was designed to assist employees, managers, and assistants in completing the Pay Action Request (PAR) to decrease the number of requests being rejected by the Pay Centre.

This Tool will help you complete your pay requests with confidence and ensure the correct information is submitted to the Pay Centre, via the Trusted Source.

1

Before you Start – Ensure that a Pay Action Request (PAR) is required and that you are using the right form.

2

Completing the PAR – Confirm the required sections are complete and accurate, find out what Types and Sub Types to use, what documentation is required, who should submit it and where to send your PAR.

3

The Trusted Source – This Section will explain the role of the Trusted Source and help you decide whether you need it to send your PAR to the Pay Centre.

4

MyPay – Determine whether you need to send a PAR by contacting the DFO and Coast Guard Pay Support Team via the MyPay mailbox.

5

The Bulk PAR – What is a bulk PAR and how to complete it.

6

Unusual Scenarios – What to do when unusual situations arise.

7

PAR Cancellation – How to cancel a PAR after submitting.

8

Resources – Various links to additional information.

Before you begin

Ensure the Pay Action Request is necessary.

The Pay Action Request (PAR) is a message to the Pay Centre to initiate a **brand new** pay action. It only applies to those transactions that cannot be accomplished through Phoenix self-service.

If the employee is experiencing pay issues, issues with leave balances, or is unsure of the next steps, please contact the [DFO Pay Support Team via the MyPay mailbox](#).

MyPay

In order to communicate to the Pay Centre that the employee is experiencing pay **problems**, you can contact the DFO MyPay Pay Support Team via the MyPay mailbox located on the Pay Support LaunchPad. The team can also assist in the resolution of pay issues. Some reasons for contacting My Pay would be, but are not limited to:

- Cannot understand or get pay stub
- Missing increments
- Missing/incorrect payments
- Require Record of Employment (ROE)
- Incorrect deductions
- Receiving too much or too little pay
- Taxation or benefit enquiries
- Need help with Extra Duty Pay, Timesheets, Schedule, Section 34

When submitting your request for review of pay issue(s) to the MyPay team, please insure to include one (01) pay issue per email submission. This allows the Pay Support team to accurately create a case for each individual pay concern. Should you have multiple pay concerns that you wish to be reviewed, these may be submitted to the MyPay team through separate email submission(s), with each individual email containing a single pay concern only.

Using the right form

Before you begin filling out your Pay Action Request (PAR), the most important thing to remember is to always select ***the most recent version of the PAR form***. No matter how perfectly it is completed, if it's not the correct version, it will automatically be rejected.

The most current version can be found on the Pay Support LaunchPad found on your taskbar. Do not save and reuse PARs. The form works best using Internet Explorer.

A PDF version, completed electronically, results in the most efficient processing.

Pay Action Request (PAR)

Completing the PAR

When completing the PAR, all sections must be complete with the appropriate information before being sent to the Trusted Source to be submitted to the Pay Centre. If there is incorrect or missing information, the PAR will be rejected and sent back to the sender with the message as to why it has been rejected. The sender will have to make the appropriate corrections and re-submit ALL documents with a new PAR.

The [Trusted Source](#) can help reduce the number of rejected PARs:

If you encounter a situation and you aren't sure which form to submit, or which Work Type or Sub Type to select, consult the Trusted Source. The agents are knowledgeable and friendly, can answer your questions. They can also recommend which supporting documents you should provide according to your situation.

Complete and correct information is imperative as it will speed up the action of the request and decrease the number of backlogged/rejected actions.

Instructions:
For pay services that are provided by the Public Service Pay Centre, please complete one (1) Pay Action Request (PAR) Form for each individual employee and attach any required documentation. Note that the Pay Centre will treat these documents as originals. (*Denotes Mandatory Fields)

If your department offers a Centralized Trusted Source or PAR Form Review unit, you are encouraged to send all requests to them first, as they will ensure that your request and documentation are fully complete and will then submit to the Pay Centre on your behalf.

Privacy Notice:
The personal information obtained in this form is collected on a voluntary basis pursuant to the Department of Public Works and Government Services Act, sections 5, 12 and 13, in accordance with TBS Guideline on Financial Management of Pay Administration and the Financial Administration Act. The personal information will be used by the Pay Administration Branch (PAB) of Public Services and Procurement Canada (PSPC) to process compensation services and benefits requests. Refusal to provide the requested information may delay or prevent the processing of your pay action request. The personal information is described in the PSPC Personal Information Bank PCE 705 (Public Service Pay Program) and TBS standard Personal Information Bank PSE 904 (Pay and Benefits). Your personal information is protected, used, disclosed, retained and/or disposed of in accordance with the Privacy Act (https://laws-lois.justice.gc.ca/eng/acts/P-21/). Under the Privacy Act, individuals have the right to access and to request correction of their personal information, if erroneous or incomplete. In some cases, information may be disclosed as authorized by PSPC ATP pursuant to subsection 8(2) of the Privacy Act. The personal information provided in this process will be retained for a period of 2 years following the last administrative action, and then destroyed.

If you require clarification about this Privacy Notice, you may contact the Public Services and Procurement Canada's Access to Information and Privacy Directorate by email at TSPC-ViePrivee-Privacy/PWGC-dtpgc-pwsc.gc.ca. If you are not satisfied with the response to your privacy concern, or if you wish to file a complaint about the handling of your personal information, you may contact the Office of the Privacy Commissioner of Canada (https://www.priv.gc.ca/) at 1-800-282-1376.

If you are enclosing information at a Protected B level with your PAR, it is your responsibility to ensure that the email itself is encrypted when communicating via electronic mail. In the event that issues arise when communicating Protected B information via email, you may alternatively send your documentation to the Pay Centre via secure facsimile at 1-855-393-1559.

By completing and submitting this form, you acknowledge that you have read and understood this notice and that the information submitted is true and accurate.

Section 1

Employee Information

The employee's first and last name, 9-digit Personal Record Identifier (PRI) and email address must be correct, or the form will be rejected. The email address where the employee can be reached is very important, in the event a compensation advisor from the Pay Centre requires additional information or must contact the employee directly.

The Department/Agency is selected from a drop-down menu. If this is not selected, the PAR will be rejected. The Pay Centre services many government departments, and the request will not be sent to the proper group if the Department/Agency is not indicated.

Section 1 - Employee Information

*First Name REQUIRED	*Personal Record Identifier (PRI) REQUIRED
*Last Name REQUIRED	Case Number (If applicable)
*Email Address REQUIRED	Telephone Number
*Department/Agency Please choose a Department/Agency REQUIRED	

The case number is only required for overpayment recoveries or when sending in documents requested by a Compensation Advisor from Public Services and Procurement Canada (PSPC).

A telephone number is useful but not required. Use a number at which the employee can be reached in the daytime.

Sections 2

Work Type

Section 2 of the Pay Action Request (PAR) is the “Work Type”. This tells the Pay Centre what pay action is being requested.

The Work Type is selected with a drop-down menu. There are several choices to choose from and it can be difficult knowing which one to choose. Explore the options using the Work Types & Sub Types button, below, to determine which Work Type to use. For each Work Type, there will be a list of Sub Types that correspond with your choice. It is very important that the correct Work Type and Sub Type is indicated on the PAR or it will be rejected by the Pay Centre and will have to be re-submitted which will delay the pay action.

*Section 2 - Work Type (Select one)

*Please select the Work Type for this request

Work Types & Sub Types

Please Note: the *Copy of Pay File* Work Type is only used to request a copy of your file and not meant to request a review of your pay file by the Pay Centre.

Section 3

Sub Type

Section 3 of the Pay Action Request (PAR) is the “Sub Type”. This section is also very important as it is attached to the Work Type to instruct the Pay Centre what action is being requested.

The Sub Type is selected with a drop-down menu. There are several choices to choose from and it can be difficult knowing which one to choose. It is very important that the correct Sub Type is indicated on the PAR or it will be rejected by the Pay Centre and will have to be re-submitted which will delay the pay action.

DO NOT FORGET: Enter the effective date of the action. For example, if the first day of the Extra Duty Pay (EDP) occurred on APR 1, 2016 – select APR 1, 2016 from the drop-down menu; or if the first day of the Leave is Sep 1, 2017 – select Sep 1, 2017 from the drop-down menu.

Pay Action Request (PAR) - Work Types

NEW HIRE

As defined in the Policy on Terms and Conditions of Employment: An employment status of *As and When required* is a situation whereby a person with **no assigned hours of work reports when needed and usually in response to an urgent need** (i.e. on call, as required, intermittent).

When is it not a good idea to use the *As and When Required* employment status?

As and when required should not be used when there is a **predictable pattern of specific hours of work**, i.e.: a predefined schedule. However, if the hours per week are scattered and unknown in advance, an *As and When* employment status would be the appropriate option.

What is the impact on pay?

Using *As and When Required* when there is a predictable pattern of specific hours of work can affect the employees' pay since Phoenix applies the business rules for pay as per the various collective agreements and the employee's schedule in Phoenix. Since *As and When Required* employees do not have a set schedule in Phoenix, there are many scenarios within the different occupational groups where Phoenix is unable to apply these rules and pay may be incorrect or delayed.

Please contact the [Time and Labour Hub](#) via the MyPay link on the Pay support Launchpad indicating "Time and Labour" in the subject line for live support on any questions related to *As and When Required* employees.

Section 4 of the Pay Action Request (PAR) is the “Requestor”. The requestor must be someone with financial delegation of authority under section 34 of the Financial Administration Act, that is, the employee’s section 34 manager.

The Comments section of the PAR is to be used for summarizing the request. For example, if the PAR is for a New Hire/Exception, in the Comments section you would indicate the reason for the exception. i.e.: “Exception due to abnormal start and end times.”

Section 5

Trusted Source

Section 5 of the Pay Action Request (PAR) is for the “Trusted Source” to complete. Trusted Source is responsible for authenticating the section 34 designated manager prior to sending the Pay Action Request (PAR) to the Pay Centre on your behalf. Click through the [Work Types and Sub-Types](#) to determine if your PAR requires a trusted source. Additional information can be found in the [resources](#) section of this guide.

If the PAR requires a Trusted Source, the PAR must be sent in editable form to the [Trusted Source](#) mailbox, complete with the signed supporting documents, to be forwarded to the Pay Centre.

Ready to submit.....

When you are ready to submit a Pay Action Request, you must ensure you have all the supporting documents you need to send to action the request and that they are ***signed by both the employee and manager in the appropriate sections.***

For a description of supporting documentation requirements, click through the [Work Types and Sub Types](#) for this and other information about PARs, consult the [PSPC website](#). Additional resources can be found in the [Resources](#) section of this guide.

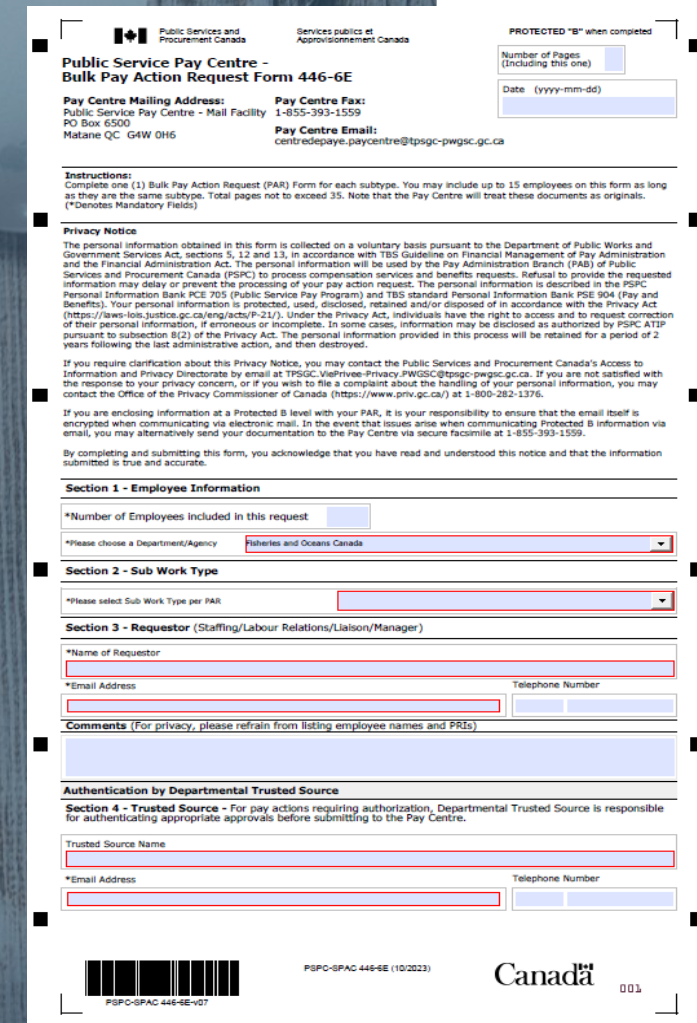

The Bulk PAR

The [Bulk Pay Action Request](#) is used when submitting the same request for multiple employees all requiring the same Work Type and Sub Type. This Type of PAR must be sent to the [Trusted Source](#) who will submit it to the Pay Centre on your behalf.

Submitting a bulk pay action request

- you must submit a bulk pay action request for each Work Type or Sub Type – For example, if you are submitting time sheets for one group of employees and extra duty pay requests for another group, you must submit two bulk pay action requests
- you may not submit more than 35 pages with each request
- you may not submit a request with more than 15 employees
- you may not send documentation exceeding a total of 5 mega bites in size
- you must ensure that any attachments have separate and distinct documents for each employee, and that each document clearly indicates the associated employee PRI. This way each document can be easily separated and added to the correct individual's pay file

The form is titled "Public Service Pay Centre - Bulk Pay Action Request Form 446-6E". It includes fields for "Number of Pages (Including this one)" and "Date (yyyy-mm-dd)".
